

WOMEN'S ASSOCIATIONTM OF CONCRETE PROFESSIONALS

ANNOUNCEMENT

It is my sincerest pleasure to announce that as of May 22, 2023, I have accepted the unanimous vote to act as President of the Women's Association of Concrete Professionals.

Leaning on my 30 years of experience in the concrete industry, as well as the qualifications earned by acting as Co-owner and Managing Director of the Decorative Concrete Institute with my husband, Bob Harris- I am confident in my fortitude to spearhead this effort.

I ensure that under my direction and the dedication of our Board Members, we will unite, educate, and promote women actively employed in concrete and concrete-related fields; as well as encourage women not yet involved to establish and pursue employment and betterment through concrete or concrete-related industries.

As your President, I hereby pledge to uphold our Mission Statement:

"Our Association is committed to mentoring, training, supporting, positively impacting, and empowering current and future women in the concrete industry."

We are currently rebuilding our website, www.wacponline.org, but if you have any inquiries, please don't hesitate to contact me via email: leeann@decorativeconcreteinstitute.com

Thank you for entrusting me with this opportunity to serve you.

Sincerely,
Lee Ann Harris
